PLANT-POWERED

ECOS™

SPRAY STARCH

For a crisp, neat finish. Restores shape to fabrics!

500 ml e

See the clean. Feel the love.

Each bottle of ECOS™ Spray Starch contains over 50 years of scientific passion and plant-powered goodness. Our formula is extraordinarily effective at giving fabric a crisp, smooth finish and restoring shape to clothing. ECOS™ Spray Starch makes ironing easier with thoughtfully sourced ingredients. Safeguard your home with the entire line of ECOS™ products. Learn more at ecos.com.

- Restores shape to fabric
- Leaves a crisp, neat finish
- Made without dyes, parabens, phosphates and phthalates
- pH balanced
- Not tested on animals
- Readily biodegradable

FOR A FRESH CRISP FINISH: Set iron to the recommended temperature. Spray fabric lightly and evenly. Press; be sure to keep the iron moving. Test delicate fabrics on an inconspicuous area first.

CONTAINS: water, sodium carboxymethyl starch, < 5% anionic surfactants, phenoxyethanol, potassium sorbate, citric acid and perfume. For more information on our ingredients, please visit www.ecos.com/saferchoice. **Contains natural origin ingredients; colour and body may vary.** This product is manufactured in family owned and operated plants that follow Zero Waste Business Council Guidelines, and are powered by 100% renewable energy.
