

## Other green problem solvers from HG

### HG total bathroom cleaner

removes soap remnants, skin grease, bath-oil rims and minor scale quickly and easily and leaves basins, baths, toilet pans, taps and tiles shining like new. It does not contain abrasive agents or other aggressive components and it is safe for any glazing, chrome, enamel, plastic, paint and it does not affect colours.

### HG kitchen degreaser

removes every type of fat and oil that is used during food preparation and is safe to use on all kitchen surfaces, including stainless steel, ceramic tiles, natural stone and plastic. This product is also extremely suitable for cleaning (combination) microwaves quickly and easily.

### HG kitchen drain unblocker

is developed especially to unblock persistent blocks caused by grease and food remnants. This professional product works on the basis of specially selected natural enzymes and microbes and that makes it absolutely safe for any type of drains.

**DANGER H318-** Causes serious eye damage.  
**P101-** If medical advice is needed, have product container or label at hand. **P102-** Keep out of reach of children. **P280-** Wear eye protection.  
**P305+P351+P338-** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Contains: I-(+)-lactic acid EINECS:201-196-2.

## HG limescale remover

HG "limescale remover" removes scale from all surfaces quickly, safely and effectively. HG "limescale remover" is an environmentally friendly and ecologically responsible cleaner and descaler made from fully degradable raw materials that do not harm the environment and its packaging is made from 100% recyclable plastic.

**Instructions:** Press the nozzle at the front side and turn a quarter. Spray on HG "limescale remover" and leave to work for a while. Now rinse off or wipe it with a damp cloth. In the case of stubborn limescale, leave the HG "limescale remover" to work longer.

Regular use of HG "limescale remover" prevents limescale from building up, so that your shower, toilet and kitchen sink always look brilliantly clean. Turn the nozzle a quarter backwards after use (blocking position).

**Attention: Transport and store the bottle upright.** Do not use HG "limescale remover" on marble, other calciferous types of stone or other non acid-resistant materials. Ventilate well during use. • Medical personnel can request the data sheet via +31 (0)36 54 94 777 • The consumer's information sheet can be obtained via [www.HG.eu](http://www.HG.eu)
