Product Features

- 1 Seat Cover
- 2 Attached Velcro Belt
- 3 Adjustable Back
- 4 Corner Straps
- 5 Buckle
- 6 L-shaped Corner Bar and Velcro Belt

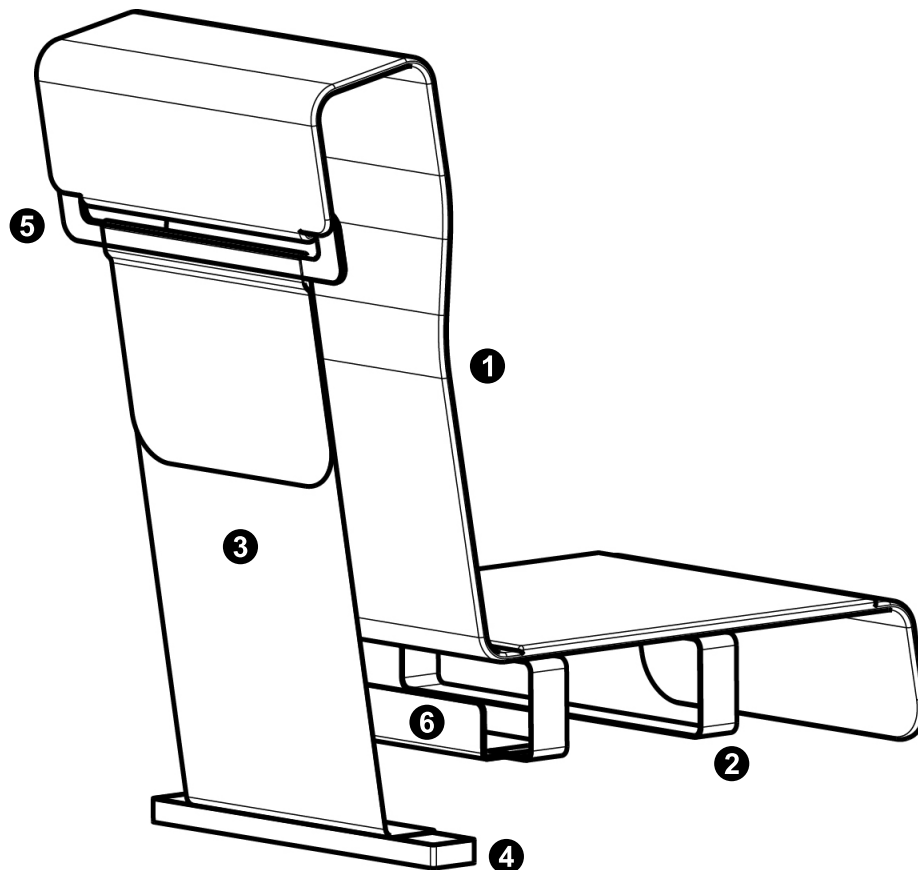

Assembling your seat cover

- Lay the Seat Cover (1) flat, blue side facing upwards
- Take the Buckle (5), slot it through the top of the seat cover (1), fold the top of the seat cover over to close the velcro
- Take the Adjustable back (4), with the velcro side up, and slot the top through the other side of the Buckle (5), fold down and close the velcro

Your seat cover can be fitted around chairs with loose cushions, or used on top of chairs without cushions or with fixed cushions.

Fitting your seat cover to chairs with removable cushions

- Take the seat cushion off your chair
- Take the L-shaped Corner Bar and Velcro Belt (6), position the L-shaped corner bar on your chair, so it sits in the join of the seat base and the seat back. The longest side should be on the base and the shortest on the back. Undo the Velcro belt.
- Place the cushion back on your seat on top of the L-shaped Corner Bar (6), tension the Velcro belt around the far end of the cushion and close.
- Place the Seat Cover (1) blue side up, along the length of the chair, with the Adjustable Back (3) hanging down the back of the chair.
- Press the Seat Cover (1) down to attach it to the L-shaped Corner Bar and Velcro Belt (6)
- Undo the Attached Velcro Belt (2) on back of the seat cover, and wrap it around the front end of the seat cushion. Tension the velcro strap and close.
- Undo the velcro on the two Corner Straps (4)
- Wrap the two Corner Straps (4) around the two back legs of the chair, tension and close.
- Finally, undo the Velcro attaching the Adjustable Back (3) to the Buckle (5), and pull down the plain side (without velcro), to tighten the cover, close the Velcro.
