

Klip It Microwave Cookware - Red Porridge To Go - 18166

The supplier has advised the following as a guide to cooking:

850 or 950 WATT Microwaves:

- Add 43g (1/3 Cup or 1.5oz) of porridge to the bowl
- Add 118ml (1/2 cup or 4.15floz) of water or milk
- Heat for 1 minute with the vent open then stir.
- Add a drop of liquid (If required)
- Heat for a further 20-30 seconds or until porridge is cooked to your liking.

750 WATT or lower Microwaves:

- Add 43g (1/3 Cup or 1.5oz) of porridge to the bowl
- Add 118ml (1/2 cup or 4.15floz) of water or milk
- Heat for 1 minute with the vent open then stir
- Add a drop of liquid (If required)
- Heat for a further minute or until porridge is cooked to your liking.

A note from the supplier:

If using Porridge packets, please be aware that the Porridge heats up much quicker when cooked in plastic containers in the microwave. Therefore, the porridge doesn't need as long in the microwave as the instructions on the porridge packet may state. As a guide please adjust the cooking times as indicated above.
