***The list goes on!!***

***Bald's  
Original  
Wood  
Balm®***

**Bald's Original Wood Balm®** should be applied using either a brush or soft cloth. The brush will be most useful when cleaning mouldings or awkward corners, the cloth can be used on flat or rounded surfaces. At first use a small amount of the balm gradually working it in until the desired finish appears. Wipe with a clean cloth to remove any surplus.

**Bald's Original Wood Balm®** has been recreated, using natural products, by professional working within the quality furniture world. The original balm has been used for many years by leading restorers and makers and is now available, for the first time, to those who cherish quality and tradition.

Wood  
Balm<sup>®</sup>*

***Gently restores and  
refurbishes tired and abraded  
wood throughout the home***

Recreated using traditional  
formulae encompassing medieval  
techniques and 21st century  
technology

***Made in the UK***

**A gentle blend  
of monastic  
and natural oils**

which cleanse and restore wood without removing patina and character. Apply the balm as directed in the attached leaflet, try on a small test area first.

Shake well before use.

Repeated exposure may cause skin dryness or cracking. May be fatal if swallowed and enters airways.

**IF SWALLOWED:** immediately call a **POISON CENTER/DOCTOR.** Do **NOT** induce vomiting. Wear suitable gloves. If medical advice is needed, have product container or label at hand.

**Keep out of the reach of children.**

**DANGER** Contains Distillates (petroleum) hydrotreated light.
