

- cutter 80 x 52mm
- Bleed 84 x 56mm
- - - No text outside 77 x 49mm

A non-caustic formulation to remove limescale, scum and unpleasant smells to leave your machine looking and smelling clean and fresh. Regular use will eliminate grime and smells within your washing machine and dishwasher to enhance performance and could increase the lifespan of your machine. Suitable for septic systems.

Directions: With machine empty, pour two caps into the soap dispenser. Run the machine on a short hot cycle. Repeat as necessary. Ensure you clean any filter before normal use. If there is significant build up, you are advised to use just one cap, run on a short hot cycle, clean any filter then repeat. In extreme cases you are advised to consult the manufacturer or your engineer first to confirm suitability of this product.
