# SHOWER HEAD CLEANER

## DESCALER

- **Effective** - removes scale and debris.
- **Increased efficiency** - flow of water through cleaned showerheads is increased especially in hard water areas.

**Directions for use:** Use neat in hard water areas. In soft water areas **SHOWER HEAD CLEANER** can be diluted 50:50 with water. Fully immerse the shower heads and any other parts to be treated in a solution of **SHOWER HEAD CLEANER** for 20 minutes or until the debris has been cleaned or softened. Then scrub and rinse well.

**SHOWER HEAD CLEANER** is an essential part of any building maintenance programme. Cleaning shower heads on a regular basis minimises the risk of contamination. Cleaning the shower heads and general shower areas on a more regular basis with **SHOWER HEAD CLEANER** is recommended.

Over a period of time some colour change may occur: this will not affect the performance of the product.

**Caution:** Causes skin irritation. Causes serious eye irritation. Keep out of reach of children. Do not breathe spray. Do not get in eyes, on skin, or on clothing. Wear protective gloves, protective clothing, eye protection, face protection. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. **IF ON SKIN:** Wash with plenty of soap and water.
