

# HEAVY TRAFFIC™ ACTIVE FOAM

FOR CARPET, AREA RUGS  
& UPHOLSTERY

Use as a  
refill for  
the Foam  
Applicator

Cleans better than vacuuming alone on  
high traffic areas, carpets and more

- **ELIMINATES** tough odours from pet messes, tobacco and cooking smells
- **PROTECTS** against future stains
- **LEAVES** a clean, fresh scent

**BEFORE YOU CLEAN** Test a small, hidden area for colourfastness and examine when dry. If colour or texture is affected, do not use. When cleaning upholstery, look for manufacturer's cleanability tag. Use on fabrics coded "WS" or "W." Do not use on fabrics coded "X" and "S" or on velvet, silk or leather, vinyl, or cotton. Before using, remove any solids and blot liquids with paper towel.

### MANUAL DIRECTIONS

#### Spray

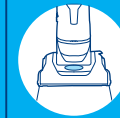

Shake can well. Apply spray evenly over area to be cleaned.

#### Scrub

Spread foam with a damp mop or sponge, working it into carpet fibers until area is clean. For best results, spread foam in multiple directions. Remove excess (dirty) foam.

#### Vacuum

Allow area to dry completely, then vacuum. Drying time may vary due to humidity and length of carpet pile. Repeat as needed.

Keep children and pets off until dry and vacuumed

### TO USE WITH FOAM APPLICATOR

Move green lever on Rug Stick™ to position. Remove cap from can. Shake can well. Snap can into the foot of the Rug Stick™.

Move green lever on Rug Stick™ to position. With brush facing up, release foam by pulling Rug Stick™ toward you.

Flip over the Rug Stick™ so brush is pointing down. Brush foam into carpet. For best cleaning results, use brush in multiple directions.

Let dry, then vacuum. Drying time may vary due to humidity and length of carpet pile. For heavily soiled areas, repeat applications may be necessary.

Rinse stick after use. Move green lever to position before storing.
