## kitchen degreaser

safe for all types of surfaces

500 ml e

### HG kitchen degreaser

HG "kitchen degreaser" removes every type of fat and oil that is used during food preparation and is safe to use on all kitchen surfaces, including stainless steel, ceramic tiles, natural stone and plastic. This product is also extremely suitable for cleaning (combination) microwaves quickly and easily. HG "kitchen degreaser" is an environmentally friendly and ecologically responsible kitchen degreaser that uses fully biodegradable raw materials that do not harm the environment and its packaging is produced with 100% recyclable plastic.

**Instructions:** Turn the nozzle on the front side a quarter. Spray the surface to be cleaned with HG "kitchen degreaser" and leave it to soak for a few seconds. For applications on stainless steel, spray HG "kitchen degreaser" onto a clean cloth and clean the surface. Wipe up the grease with a cloth, preferably soaked in hot water. Repeat the treatment depending on the amount of dirt. Turn the nozzle a quarter after use (OFF).

**Attention:** Transport and store the bottle upright. The correct dose saves money and is less harmful for the environment. Do not mix with other cleaning agents. • Medical personnel can request the data sheet via +31 (0)36 54 94 777 • The consumer's information sheet can be obtained via [www.HG.eu](http://www.HG.eu)
