

This polish should be used on solid surfaces and natural stone surfaces such as worktops, tabletops, bar tops, vanity tops, etc. It brings up the shine of all natural stone surfaces from "old to new", and removes scratches from acrylic and polyester surfaces.

*Great on marble, granite, corian, stainless steel, enamel and chrome.

TEST IN AN INCONSPICUOUS AREA BEFORE USE.

Not suitable for unsealed hard surfaces such as wood or limestone.

Directions for use:

For best results, first wipe surfaces clean. Apply a small quantity of the polish onto the surface. Using a cotton cloth spread and rub into the surface in a circular motion until no residue is left. Then buff to a high polish with a clean duster.

For best results finish with Work Top Wonder® Spray.

PRECAUTION:

Do not use on floors as a polish – surfaces may become slippery.

Contains: Perfume (Coumarin).

- Harmful to aquatic life with long lasting effects.
- Avoid release to the environment.
- Dispose of contents/container in accordance with national regulations.
