

BARISTA & CO

BARISTA & CO

Here at Barista&Co we love the smell of freshly brewed coffee. We also understand that sometimes coffee people are pressed for time so we thought there must be another way.

Our idea was to develop a single serve coffee infuser that allowed everyone to enjoy freshly brewed coffee quickly and with no mess. A new way to make great coffee.

Not only have we created a unique upper filter basket to allow your coffee to bloom when adding hot water, we've also tested hundreds of filters to get to the solution that balances steeping, time and flavour. All you need to do is fill, stir, brew and go.

Better coffee made simple

THE ULTIMATE COFFEE FOR ONE

The Barista&Co Brew It Stick is the perfect mix of coffee and convenience. It is the easiest way to enjoy fresh coffee, all you need is coffee, water and you're ready to go.

Our coffee infuser has the perfect filter that allows water to enter freely to wet the coffee without throwing too many fines into the cup. What's left over adds to the velvety texture of the coffee.

The other great thing is it allows you to make amazing coffee at a fraction of the cost of take out and capsule machines and you will make the environment happier. Ever worked out how much you spend on your favourite brew? That's probably a holiday right there.

At last you can ditch the instant and enjoy your favourite coffee even on those chaotic mornings.

The Barista&Co Brew It Stick, perfect for the home, office or the outdoors.

#ditchtheinstant

-  **1.** Fill infuser basket with coarsely ground coffee and secure handle
-  **2.** Place infuser into an empty cup
-  **3.** Slowly pour boiling water through the 360° filter
-  **4.** Pour until the desired water level is reached
-  **5.** Stir well and leave for 4 minutes to infuse
-  **6.** Stir. Remove from cup. Enjoy

Brew It Stick
Charcoal/Charcoal

NEW

Technical Information

Product Code: 6BC401-010
Barcode: 5060433790713
Packaging: Boxed
Inner/Outer: 6 / 36
Dims: 20.7 x 6.5 x 6.5cm
Origin: UK
Material: ABS with nylon filter

Product Features

- Enjoy excellent French Press style coffee without the mess
- Pour water through the upper filter, watch the coffee bloom, stir and leave for 4 minutes
- Perfect at your desk or at home
- Comes with a no mess stand to prevent dripping
