MATTRESS TREATMENT

STV

LIVE PEST-FREE

Zero In® Bed Bug & Dust Mite Killer Ready-To-Use Spray is a fast-acting surface treatment for tackling bed bug and dust mite infestations on mattresses. With advanced anti-bacterial action, this water-based formula is ideal for use on and around sleeping areas, killing bed bugs and the bacteria they leave behind.

DIRECTIONS FOR USE

For amateur use to protect against bed bugs and dust mites on porous and non-porous surfaces, and on hard and soft furnishings. Not for use on pet bedding.

- Shake the container before use.
- Turn the nozzle on the trigger to 'spray' position.
- Apply from approximately 30cm directly onto bed bugs and mattress.
- Treat areas where bed bug activity is evident and apply into cracks and gaps where they may hide or nest.
- Repeat spray as required.
- After use ensure the nozzle on the trigger is returned to 'off' position.
- Store the container in an upright position and protect from frost. Wash hands after use.

STATUTORY CONDITIONS OF APPROVAL RELATING TO USE

FOR USE ONLY AS AN INSECTICIDE.

Apply by surface spray at a rate of 20-50 ml of product per square metre (1L per 20-50 square metres). Apply as a space treatment at a rate of 1-4 ml of product per cubic metre. Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval. READ ALL PRECAUTIONS BEFORE USE.
