

Chocolat Charbonnel

re-creates the use of real chocolate as a drink. Traditionally in English Chocolate Houses, it was a mixture of chocolate and water only, however, for today's taste, you may prefer a richer drink made with milk.

Serving Instructions for Single Serving

Mix four heaped teaspoons of Chocolat Charbonnel with an equal amount of boiling water and stir until the chocolate has completely dissolved to form a smooth creamy consistency.

Add hot milk to taste and then whisk vigorously to form a good froth.

Delicious topped with whipped cream and more Chocolat Charbonnel flakes.

Dark couverture chocolate flakes.

Ingredients: Cocoa mass, sugar, cocoa butter, MILK fat, emulsifier (SOYA lecithin), natural vanilla flavouring.

Dark chocolate contains cocoa solids 53% minimum.

Allergy Advice: For allergens, see ingredients in BOLD. May also contain traces of nuts and gluten.

Store in a cool, dry place away from direct sunlight.

For best before, see side of pack.
