# Bath Brite

**Bath Brite** is a superbly effective antibacterial cleaner for everyday use. Its powerful cream formula will cut through the toughest dirt, scum and stains, killing germs and leaving your bathroom sparkling clean. Used regularly, **Bath Brite** will build up an invisible film that stops limescale and resists staining.

#### **THE BRITE FAMILY**

If you like **Bath Brite**, you're sure to find

**Hob Brite, Sink Brite, Steel Brite and Micro Brite** just as appealing. For more information - and regular special offers - visit [www.homecareproducts.co.uk](http://www.homecareproducts.co.uk)

**Directions:** Shake well before use. Squeeze Bath Brite onto a damp sponge or cloth, rub lightly, rinse and wipe dry.

**Warning:** We recommend you test Bath Brite on a small area first. Do not use on gold, aluminium, enamel or marble.

#### **Hazardous Ingredients:**

Citric Acid Monohydrate, Sulphamic Acid, Butyl Diglycol, Surfac B4, Glycolic Acid 70%.

**Caution:** Avoid contact with skin and eyes, irritating to eyes and skin. If contact with eyes occurs rinse immediately with plenty of water and seek medical advice. If contact with skin occurs wash immediately with plenty of water and seek medical advice. Keep away from food, drink and animal feedingstuffs. If swallowed seek medical advice immediately and show this container or label. Wear suitable gloves and eye/face protection. Keep locked up and out of reach of children.
